

C1 Advanced (CAE) – Use of English Part 2 – Open Cloze

For questions 1-8, read the text below and fill each gap with one word. Write all answers in lowercase. There is an example at the beginning (0).

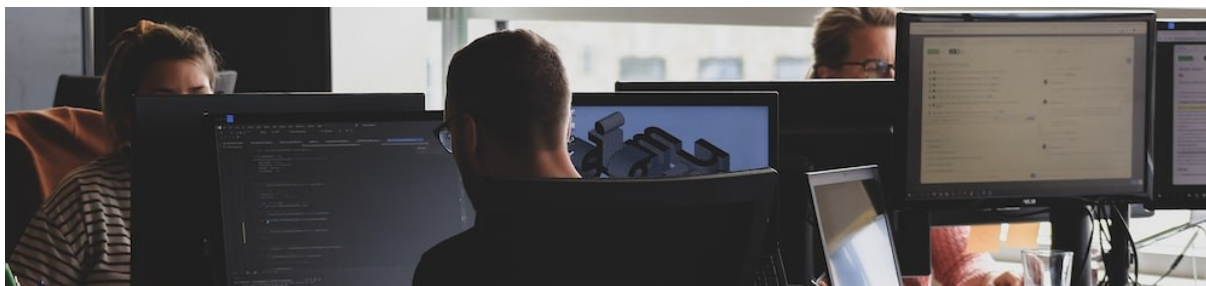

Example: 0 as

AAA Gaming Software Development

David Flores gives us his thoughts on entering the growing gaming industry

I just started working (0) a software developer for a AAA game studio. Finally, I find myself on an exciting career path, (1) perfectly aligns with my passion for gaming and technology. My responsibilities include designing and implementing the game engine, graphics, AI systems, and gameplay mechanics, all four (2) which require a great deal of focus, dedication, and skill. Working in the gaming industry means putting (3) with long hours and tight deadlines. However, the rewards are equally satisfying, as I am able (4) work on some of the most critically acclaimed games out there.

For me, collaborating with other members of the development team is every (5) as exhilarating as the work itself. We all share the same goal of delivering a game that players will enjoy so much (6) they keep coming back to it, and it is through our combined efforts that we can achieve this. The work is clearly not for the faint-hearted, (7) matter how much you love games. Despite this, I am grateful for the opportunity to work in such an innovative field and look forward (8) the challenges that lie ahead.
