

## First (FCE) - B2 Essay Skeletons

---

*Using a pre-designed essay skeleton takes a lot of the stress out of writing your essay. However, you still need to add all the content based on the essay writing task. Don't forget to check that your grammar, ideas and flow fit around this prepared structure. Changes may be necessary to ensure accuracy.*

### B2 ESSAY SKELETON 1

Nowadays, many people are talking about [Topic]. [First idea], [Second idea] and [Own idea] are all relevant when considering [Topic], making it an essential area to discuss.

Firstly, [First idea] is important because it affects [mention a specific area or group]. For example, [give a simple example or a brief explanation]. This shows how [First idea] impacts our lives.

Secondly, [Second idea] also plays a big role in [context]. A good example of this is [provide a straightforward example or fact]. This example helps us understand the influence of [Second idea] on [Topic].

Additionally, I think that [Own idea] is important for [Topic]. In my experience, [give a personal example or observation]. This can help us see [Topic] from a different perspective.

In conclusion, [Topic] is shaped by both [First idea] and [Second idea], and my own view, [Own idea], adds to the discussion. Understanding these points can help us better approach [Topic] in the future.

### B2 ESSAY SKELETON 2

Currently, [Topic] is a key issue that many people are concerned with. In this essay, I will explore [First idea] and [Second idea] about [Topic], and share my own viewpoint.

To begin with, [First idea] is significant because it influences [mention a specific area or group]. An example of this is [give a simple example or a brief explanation], which clearly illustrates the impact of [First idea].

Moreover, [Second idea] contributes to [context] as well. A clear instance where this is evident is [provide a straightforward example or fact], highlighting the role of [Second idea] in [Topic].

Furthermore, I believe that [Own idea] should not be overlooked when discussing [Topic]. Based on my own observations, [give a personal example or observation], which proves that [Own idea] is also relevant.

To sum up, it's clear that [Topic] is influenced by both [First idea] and [Second idea], along with [Own idea]. However, based on the above, [choose the most important idea] is the most significant factor affecting [Topic].
